

# Permanent Residential Aged Care Request for a Combined Assets and Income Assessment

### **Purpose of this form**

The Australian Government Department of Human Services or the Department of Veterans' Affairs requires details about your combined assets and income for permanent residential aged care purposes.

The information you provide will be used to calculate your aged care fees and charges. The information will also be used to calculate the amount of Government assistance the provider may receive on your behalf.

If you do not provide your assets and income details, you may be required to pay the **maximum** fee and charges.

### When to use this form

Use this form to give details about your assets and income if you are entering, or have entered, a residential aged care service, so we can determine:

- the means tested fee you may be required to pay for your care, and
- whether you qualify for additional Government assistance with your accommodation costs.

If you complete this form before entering a residential care service, the initial fee notification advice you receive will be valid for 120 days unless there is a significant change in your circumstances in which case you will be required to notify us.

**Note:** This assessment is **NOT** relevant to either respite care or, Home Care Packages.
